Pamplin Vicinity

Pamplin Vicinity, Nov. 6.- Mr. and Mrs. James Lee and son, from Brookneal visited Mr. and Mrs. Ralph Kress Sunday.

We are all glad to see Mrs. Lovaine Scruggs back at work, after being out for quite a while.

Mrs. Juddy Glover visited her brother, Paul Ferguson Saturday. He is still a patient in the Memorial Hospital in Lynchburg.

Cpl. Edward Burrell, of Cherry Point, S. C., spent the week-end with his parents, Mr. and Mrs. Herbert Burrell.

Mr. George Coleman and Miss Ann Painter, of Lynchburg, visited Mr. and Mrs. Clayton Taylor Sunday.

Mr. and Mrs. Marshall Price and children were visiting in Lynchburg during the week-end.

Mr. and Mrs. H. H. Peters and children, of Richmond visited in the home of Mr. D. B. Williams this week-end.

Mrs. Leslie Ligon has returned home from the hospital, and is improving nicely.

Mr. and Mrs. George Barkley, of Victoria and Mr. and Mrs. Bob Worrell and children, of Chula, Va. visited Mrs. Daisy Cobb Sunday.

Miss Inez Garrison, of Lynchburg spent the week-end with her mother, Mrs. Robert Garrison.

Mr. and Mrs. Warren Driskill, and daughter, Sharon, of Lynchburg, called to see Mrs. Juddy Glover on Sunday afternoon.

Mr. and Mrs. Billy Baldwin, of Cullen visited his mothtr, Mrs. Eunice Baldwin Sunday.

Charlie Averett and Embra Davis were visiting in North Carolina Sunday.

Mrs. Annie Pollard Beale, of Birmingham, Ala., spent last week with Mr. and Mrs. Cecil Ligon. Others who caleld in this same home for the week-end were Mrs. A. S. Bridgeforth, Jr., of Cambridge, and Mrs. Bessie Taylor.

Mr. Earl Smith, Mrs. Dorothy Canada, Mrs. Carlton Wayne, and Mrs. Porter Atkins attended an Education Association meeting in Richmond last week.

Rev. and Mrs. Anderson and little son have moved into the new parsonage here.

Visitors in the home of Mrs. W. J. Tolley were her brother-in-law and sister, Mr. and Mrs. M. C. Wade, of Richmond, and Mr. and Mrs. Erastues Price and daughter, Faye, also of Richmond. They were week-end guests.

NEWS from HOLLYWOOD

The 29th Annual Academy Awards ceremony of the Motion Picture Industry, at which the famed Oscar statutes are given out, has been set for March 27, with the National Broaddasting Company television and radio network carrying the ceremonies nationally. Nominations for the awards will be announced next February.

Speaking of Oscars reminds us that Paramount is hurrying to get "The Rainmaker" out in time so that Burt Lancaster will have a chance at the Oscar. They believe this film will do it for Burt.

Since becoming a free-lancer, after bowing out at Universal - International, Lex Barker has starred in three films and is doing his own television show.

Glenn Ford is to have a starring role in "Don't Go Near the Water" at Metro—the role that everyone thought would go to Marlon Brando.

Riding high since he has had a couple of successful films, Bob Stack is now wanted by Universal -International to start in their "Pylon," based on the novel by William Faulkner. He would play the role of a stunt flyer at county fairs.

Ginger Rogers, who has been around for a long time, is just as attractive—if not more so—than ever and is sure to be around for a long, long time yet. She is to be the star of "Oh Men, Oh Women," for Nunally Johnson. Tony Randal will play the role of the drunken movie idol which he originated on the stage.

Paramount is about to lease or sell its old movies to TV. If they do, and there is a strong possibility that they will, Universal-International will be the only major studio to hold out.

Jerry Lewis is simply delighted with his first "Martin-less" picture on which he is currently working. It it titled, "The Delicate Delinquent," a title which Jerry selected himself.

After seeing Beverly Garland on a "Climax" TV show, Frank Sinatra immediately wired Sam Briskin who is producing his Paramount pictures, "The Joker," that she would be just right for the role of Eddie Albert's wife in the film, and she was signed for it.

Homemakers Items

A self-sterilizing finish for textiles, leather, plastic, fur and rubber, which is permanently self-sterilizing and capable of destroying all known disease-producing bacteria or germs on contact, is now being marketed.

Clothing specialists at VPI report that the new chemical formula is said to last for the life of the garment, regardless of the number of washings or dry cleanings. In addition to its germ-killing ability, the treatment is said to make fabrics self-deodorizing, mildew and mold static, non-toxic, and skin-safe. Special attention is being given now to baby diapers, nurses' uniforms, and other items where sterilization is important.

If clothing clings and you want an anti-static finish, try one of today's fabric softeners, sugest clothing specialists at VPI. The fabric softeners prevent clinging, creeping and wrapping of lingerie, skirts, blouses, and uniforms. They help keep weaves of man-made fibers open and porous, so they are cooler and resist soiling. They are added to the final rinse.

Tall men no longer have to sleep with their toes dangling. Home esconomists at VPI say the king-size cotton innerspring mattress, introduced last year, has gained acceptance rapidly.

The supersize mattress is 82½ inches long, or 8 inches longer than and ordinary bed. Sheets and blankets are being made to fit the new mattress.

For a variation in mufflins, drop a teaspoon of peanut butter in each muffin pan before the batter is added. Or mix sugar and cinnamon and sprinkle over muffins before baking.

IN FASHION NOW

The style in woman's clothes is as changeable as the seasons. A major change usually occurs each year. Dresses are long or short, full or slim, trim is ornate or simple.

It often seems these changes are nothing more than tricks to make women spend a little more money on their clothes.

Women accept these tricks of the clothing industry; indeed, often welcome them. The reasons are somewhat dim, but as long as the main harm is a lop-sided bank account, the situation can be accepted in a tongue-in-cheek manner.

However, when designers or manufacturers begin adjusting the body contour to meet the demands of style, and when this adjustment is not a healthful one, women must have the good sense to disregard the fad.

American women are too smart today to go along with the "flat look." They have long ago learned that men prefer the "natural look."

They are more health-conscious than ever before and know that too tight garments interfere with circulation. All the tissues of the body depend upon free and unrestricted circulation of the blood for their proper nourishment.

Be in style and dress becomingly with your health in mind. Let the foreign designers design for their own country women unless they have the good sense to create a line that is at one one time both becomng and healthful.

Senator Wayne Morse wins bid for another term in Oregon.

Subscription rate: $2.00 a year; payable in advance.

Appomattox County cast over 100 votes in the general election held on Tuesday.

JAYCEE PROMOTION WAS ELECTION FEATURE

A feature of the election Tuesday in Appomattox County was the "Get-out-the-vote" promotion of the Junior Chamber of Commerce.

The Jaycees had distributed a large number of placards urging voters to go to the polling places and had "I have Voted" cards to give to voters as they emerged from the booths.

The Jaycee promotion was entirely non-partisan.

The A. H. S. Blue Hornets will play their last scheduled game of the football season here on Friday night, with Bassett H. S. as the opponent. A. H. S. is undefeated

Pound for pound, it's...

the most powerful truck ever built!

New GMC light duties with 206 h.p. and new styling advances bow to no passenger car on any point of roadability

HERE, headlining GMC's 1957 Blue Chip Money-Makers, our new light duty becomes a truly phenomenal vehicle.

It has one horsepower for every 15½ pounds of its weight.

You'll be bossing around engine power usually found only in trucks rated at *more than four times* this truck's capacity.

You'll be getting flashing response to pedal demand—high-mileage efficiency from an unstraining engine—work capacity that won't drop off after a few months!

And you'll be very definitely in pocket; too. THIS light-duty engine cannot be overtaxed in normal use. So there's little chance of parts failures, no excessive wear, or repair needs due to engine strain!

If money-making power is what you want; here it is! Come in and see us for all the facts.

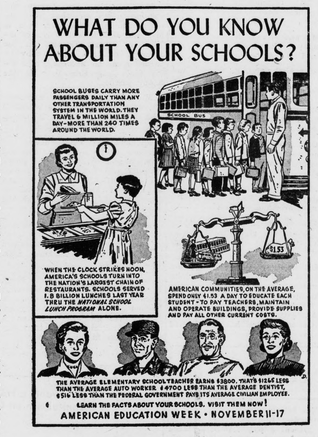
National Education Week

National Education Week will be observed in the United States from November 11 through November 17th. The week's observance is sponsored by the National Education Association, the National Congress of Parents and Teachers and the American Legion.

We realize that there are too many "weeks" observed in the United States. In fact, if you look into it, you will find that every week in the year is taken by one or more organization, or industry, as "National-so-and-so-Week."

Perhaps the observance of no special week is more important than the observance of National Education Week. The purpose of the observance is to acquaint Americans with the problems and progress and facilities of educating our children.

In most areas of the country, parents will be invited to visit the schools. We urge all parents to do so, since the schools in the community are an investment in the future, and citizens should be acquainted with the facilities they are providing the young people of their community — facilities which will be translated into the tools citizens of tomorrow will use in running the world which we leave them.



WHAT DO YOU KNOW ABOUT YOUR SCHOOLS?
SCHOOL BUSES CARRY MORE PASSENGERS DAILY THAN ANY OTHER TRANSPORTATION SYSTEM IN THE WORLD. THEY TRAVEL 9 MILLION MILES A DAY—MORE THAN 240 TIMES AROUND THE WORLD.
School Bus
WHEN THE CLOCK STRIKES NOON, AMERICA'S SCHOOLS TURN INTO THE NATION'S LARGEST CHAIN OF RESTAURANTS. SCHOOLS SERVED 7, 8 BILLION LUNCHES LAST YEAR THRU THE *BRTHMK SCHOOL LUNCH PROGRAM* ALONE.
$1.35
AMERICAN COMMUNITIES, ON THE AVERAGE, SPEND ONLY $1.53 A DAY TO EDUCATE EACH STUDENT - TO PAY TEACHERS, MAINTAIN AND OPERATE BUILDINGS, PROVIDE SUPPLIES AND PAY ALL OTHER CURRENT COSTS.
THE AVERAGE ELEMENTARY SCHOOL TEACHER EARNS $3500. THAT'S $1245 LESS THAN THE AVERAGE AUTO WORKER. $4700 LESS THAN THE AVERAGE DENTIST. $5115 LESS THAN THE FEDERAL GOVERNMENT PAYS ITS AVERAGE CIVILIAN EMPLOYEE.
LEARN THE FACTS ABOUT YOUR SCHOOLS. VISIT THEM NOW!
AMERICAN EDUCATION WEEK - NOVEMBER 11-17

Did You Know That In Appomattox County

THERE ARE 2,049 CHILDREN ENROLLED IN THE SCHOOLS;

THERE ARE 1,801 STUDENTS RIDING BUSSES;

934 STUDENTS EAT LUNCHES FROM THE LUNCH ROOMS;

THAT THE AVERAGE TEACHER'S SALARY IS $2,841.60 PER YEAR OR $284.16 MONTHLY FOR 10 MONTHS.

Forty Million Students

The latest official figures on the number of Americans attending elementary schools, high schools and colleges show there are at present 41.5 million students in the United States.

This is, of course, an all-time record enrollment. Moreover, the percentage of Americans attending school is a record this year.

It is estimated that one out of every four persons in this country will be attending schools or colleges in the 1956-57 year. In addition, more pupils are attending high school than ever before in our history, and more of them are completing the full course and graduating.

Another record, on the credit side, is the fact that half of those who graduate from high school go on to college, either as full or part-time students. That is an excellent average where college education is not free.

Here are the figures on U. S. school enrollment for the 1956-57 year. Some 25.5 million students are in public elementary schools, while about four million are estimated to be attending parochial or private schools. Another 100,000 are attending other schools. This is a total of 29.6 million students in elementary schools.

In our high schools, some 7.2 million students are in public high schools, while nine hundred thousand are currently enrolled in private or parochial schools. This is a total of 8.1 million students in high schools in the United States. In addition, it is estimated that 3.2 million students are attending colleges and universities, and there are some 600,000 in various other schools.

Probably the worst two crises being faced by school administrators this year is that concerning a shortage of qualified teachers, and a shortage of adequate school buildings. The birth rate indicates that in the next ten years elementary and high school enrollment will continue to increase by some thirty per cent.

We consider that Appomattox County has a good school plant. The taxpayers of the county are carrying the payments on that plant without complaint. We consider it good citizenship to seek out every way to improve the education of our youth, and American Education Week is a good time to visit your school and become better acquainted with its work.
